

Sant Sadhu Ram Ji's Farewell Massage

on 1st August 2002 at Delhi.

"Let us be bothered about our own self and not about others. Why waste our energy on that? Mind is a great cheat and does not permit us to see our own shortcomings, lapses and even blindness.

My great Sat Guru, Sant Ajaib Singh Ji Maharaj has asked us forcefully to reform our own self, weed out the imperfections one by one, and clean ourself and soul for the Light of God and the Guru to shine in it's within. He said that if we take one step we take in this direction, He will take a hundred to come near us.

Remember His message and start acting upon it from right now, so that when you meet me next, you will have something to your credit, making me happy and relieved.

Love and best wishes to each one of you."
